

WELCOME

We want you to be able to relax and enjoy good food, drink and company in a unique setting. When considering your order please be advised of the following:

Everything is freshly cooked to order as there may be delay between servings. If in a large group we advise you to make a selection of different options and share!

Whilst we do not have a specific children's menu, we are happy to adapt options, but we are talking pizza!

We like to be able to cater for any dietary requirement where possible. The majority of vegetarian options are also vegan and we have gluten free pizza bases and vegan cheese.

WOODFIRED PIZZA 12"

Your pizza starts its life some time before you order when we make the fresh dough! We then add our homemade tomato sauce base and your selected toppings before cooking the pizza in our extremely hot wood fired oven.

We have a varied selection of toppings on the menu from the humble Margherita, to our special spicy OFS Hot! As your pizza is made to order, you can add extra toppings. The choice is yours!

We cook two pizzas at a time in the oven. With this in mind, if you have a large order we recommend you order pizza to share. That way every pizza is piping hot on serving and you get to sample a variety
